

Happy New Year!

I hope you had a restful, rejuvenating, and fulfilling holiday season with your family and friends.

With each new term and certainly with the New Year, students, teachers, parents, and administrators are afforded the chance to start anew; to make resolutions to improve themselves in any way they can. That is one of the best parts of being in education. It is a regular opportunity to re-invent yourself, in some way, to improve and grow.

Why not include a graduate or professional development class this semester to do just that! French River has its usually listing of powerful and meaningful courses. There is a rich diversity of courses to help almost anyone become an even better teacher for his or her students.

In the meantime, I wish you a prosperous New Year and a strong end to your school year!

- **Note:** Courses will be cancelled due to low enrollment so we suggest you register for your course sooner rather than later. In order for the Center to have an accurate course registration count, it is better to register and withdraw (with full tuition reimbursement) than to wait until the last minute. Delayed registrations may result in course cancellations.

ATTENTION.....If you are pursuing a preliminary license in any of the above referenced licensure fields, please be advised that, in addition to possessing a Bachelor’s degree, a passing score on the MTELEs and appropriate subject matter tests, the *Regulations for Educator Licensure* (603 CMR 7.04) also require teacher candidates to complete a seminar series on the teaching of Reading (10 hours), Math (10 hours), English/Language Arts (10 hours), and Inclusion (10 hours) unless you have already had any of these as undergraduate courses.

(NOTE: Moderate Disabilities candidates do not need the “Including Special Needs Students” seminar series.)

French River has a program, which is approved by the Department of Education and designed to satisfy this requirement. Tuition for the complete seminar series is \$500 or \$125 per ten (10) hour series. We accept personal checks, Visa, MasterCard, and Discover credit cards.

(Since this entire series is online, you will start when your registration and payment is received)

~Reading (10 hours)

This seminar will focus on basic principles of teaching developmental reading to students of all ability levels. Current research-based principles for teaching phonemic awareness, phonics, vocabulary, reading comprehension, and language arts will be emphasized.

~Math (10 hours)

Through case studies, professional articles, hands-on activities, and internet sites, participants will gain knowledge and insight on how best to teach math to students of all ability levels. In addition, participants will review policies and procedures related to the inclusion of students with moderate special needs into the general population, and will explore methods to modify general math instruction for these students.

~English/Language Arts (10 hours)

This seminar is designed to assist those teaching English language arts to present the subject matter effectively in the inclusion classroom. Focus areas include implementation of 504 plans and IEPs as it relates to English language arts; communication with parents; learning strategies; and behavior management.

~Including Special Needs Students (10 hours)

The Individuals with Disabilities Act (IDEA) provides the foundation for inclusive schooling, requiring that every child with a disability receive a free and appropriate education and learn in the least restrictive environment. One approach to achieve the requirements of the law is to “retrofit”, i.e., solving problems after the fact in an attempt to fit a student into the existing framework. An alternative approach is “universal design”, i.e., differentiated materials, methods, and assessment alternatives are considered and created in advance with the full range of students’ differences in mind. This seminar will also introduce participants to the concept of universal design. **(NOTE: Moderate disabilities licensure candidates do not need to enroll in this fourth seminar).**
