

SGES EDCAMP

We are excited to announce
The 1st annual **SGES EDCAMP**
Friday, May 1, 2020

What is Edcamp?

Edcamp started as professional development for teachers. Branded as an "unconference", teachers engage in personalized, authentic learning. At SGES, we would like to offer Edcamp for students. Students will have the opportunity to select learning opportunities that are as individual as they are!

How will SGES EdCamp Work?

On Friday, May 1st, students will spend the day attending 4 - 45 minute sessions. Students will select sessions that interest them. We will do our best to create individualized schedules based on students' choices. Sessions could include science experiments, gardening, yoga, sign language, art activities, sports, outdoor classroom, music, origami, and literacy.

With your support we can offer almost anything!!

Get Involved!

Do you have a passion/skill that you can share? We are seeking volunteers to run 45 minute sessions. We appreciate all of our volunteers, but respectfully request that the day be a sibling free day.

****** Please return the bottom of this paper to SGES by Monday, February 3rd ******

Questions? Email Doreen Parker at parkerdj@graffton.k12.ma.us or
Julie Sabourin at sabourinj@graffton.k12.ma.us
